Subject: carrier air: dynamac billing

----- Message Contents -----

ken, get with beth early monday to talk about '89 costs  
associated with TES 8 site (23 & 29)...there's some serious  
question about (late) billed costs as part of a cost  
recovery effort

then, you can follow up with dave rusher  
and help safadi test his system by seeing how much we  
have paid on this site...

thanks
